

## MAST ARM FITTER VANDAL GUARD

Spaulding Lighting now offers a versatile mounting option and protection against vandalism for the Cimarron LED

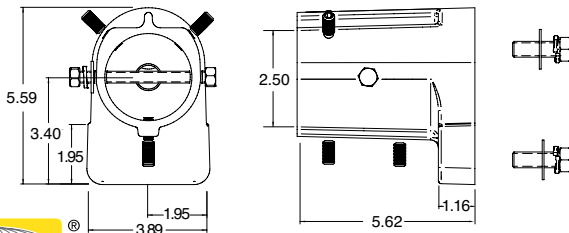

### MAST ARM

The Mast Arm Fitter is now available as a mounting option (-MAF) that includes the standard 6" arm attached to the fixture. The MAF will ship as a separate piece, in the box with the fixture, to be attached to the fixture arm at time of installation. This feature is also available as an accessory that can be ordered separately from the fixture (MAF-CL-XX)<sup>1</sup>. This fitter can be used with the Cimarron HID fixture (CR1), ordered as an accessory only (MAF-CR-XX)<sup>1</sup>.

1 = Replace XX with color to match fixture

### DIMENSIONS

### VANDAL GUARD

The Vandal Guard is now available as an option (-VG) for the Cimarron LED (CL1). The 1/8" polycarbonate lens will be factory installed<sup>2</sup> to the face of the fixture providing additional protection to the LEDs when fixtures are installed in locations where vandalism is a concern.

2 = VG not available as field installed accessory.
